WORK EXPERIENCES:

STUDIO EARTH AND SPACE-

Junior Architect

Hyderabad, India

March '21- December '22

- Advanced from intern to independent architect in 18 months, entrusted with solo site visits and pivotal decision-making, delivering end to end projects
- Engaged in client communications to deliver on medium-scale personalized contracts
- As part of a small team, delivered on Architectural and Structural Design, Interiors, and Landscaping projects to contribute to different contracts that the firm acquired
- Concluded tenure with a 6-project completion rate out of 9, with the remaining projects advancing steadily

ATRIYA REAL INFRA-

Architectural Intern

Hyderabad, India

July '21- October '21

- Interned for 4 months, taking individual ownership in developing a self-sustaining, zero carbon emissions model for a smart town
- Actively contributed to various capacities, including recording meeting minutes, developing client presentations, crafting project brochures and logos, and designing specific unit layouts
- Conducted essential research to inform decisions on spatial zoning, project area, and scale, showcasing a comprehensive understanding of architectural considerations

FREE LANCE PROJECTS-

Hyderabad, India

- Independently designed and executed 7 residential designs, 5 small-scale interior projects and an office space, to go with logos and brochure designs for small businesses

ACHIEVEMENTS AND EXTRA CURRICULARS:

NATIONAL AWARDS FOR EXCELLENCE IN ARCHITECTURAL THESIS-2022 (NIASA PROGRAMME)

Designated by the university's dean as a representative in the Council of Architecture-NIASA competition, competing for the Best Thesis Award

TRAVEL-
